

CRYSTAL SKULL ACTIVATION CEREMONY

At the Sedona Creative Life Center

with the **SOUNDS OF SIRIUS**

Lia Scallon - singer, sound healer and channel for the Sounds of Sirius - invites you to participate in a rare event in the presence of her crystal skulls Jomcata Mayab and She'Shona. You may bring your own skull or personal crystal to place beside Lia's skulls, so that it too may receive the ancient wisdom that will be activated on that evening!

In a beautiful ceremony, Lia will channel the exquisite melodies and Light Language of the **Sounds of Sirius** to activate the energies within the skulls and within your soul. As your own ancient memories stir and awaken, you will receive an opportunity to connect with the great knowledge contained within the crystal skulls.

Lia has circled the globe with her skulls, visiting many sacred places. Just recently in Mexico, she reconnected with a powerful Mayan Crystal Skull she met in 2006 in the Yucatan Peninsula, when Jomcata Mayab sat beside the Atlantis skull in several temple ceremonies. At last year's World Mysteries 09-09-09 conference in Arizona, Lia's skulls joined many of the world's famous and ancient skulls - **Synergy, Sha-Na-Ra, Rainbow, Rosie, Maya, Sam, BOB, Tibetan skulls Luzi, Ezorok, Amar** and the extraordinary **Orb of Atlantis** when these skulls came together for the first time in history! Lia will reunite with a host of international presenters again this year, for the World Mysteries 10.10.10 conference in nearby Tempe, Arizona - Oct 8-11th.

At the **Sedona Creative Life Center** Lia will share her experiences of her Crystal Skull journeys. Each person present will receive an individual healing blessing, channelled through Lia especially for them, as well as the group energy which creates a powerful amplification, intensity and synergy. Please bring a flower to place on the altar, as a token of your gratitude to the Divine Eternal Mother of us all.
