“The Luminous Pearl”

“The Angelic Voice of Lia Scallon - Songs of Mystery, Beauty and Light”

I am very pleased to release my newest CD, *The Luminous Pearl*. This is the 10th album in my *Sounds of Sirius* series of healing songs.

The Luminous Pearl is no ordinary music CD. The main recording took place over the three-day Alpha / Omega period of 2112-12 to 23-12-12. That particular time marked an event foretold in the prophesies of many ancient cultures, when the earth and our solar system completed several major cycles, including a 26,000-year cycle and a 5,125-year cycle. A great shift occurred. In effect, one world ended and another began.

The transformative energies of that unique moment haven been intentionally captured and embedded into every note and word of *The Luminous Pearl*. These ‘Songs of Beauty, Mystery and Light’ contain powerful frequencies capable of unlocking the consciousness of those ready to awaken to their deeper spiritual nature. With this awakening comes remembrance of one’s soul true essence, and of the spark of Divine Light that resides within each one of us.

Also carried with in the music, is the energy of a rare and precious artifact known as ‘*The Luminous Pearl*’. This extraordinary object, a crystal that literally glows luminously in the dark, has been handed down generation upon generation, through a female lineage in China. In a most unexpected way, it passed into my care in September 2012.

Its previous custodian, an 80-year-old female Taoist shaman, said the time had come for the Pearl to be with another woman who would use it to heal herself and others. I consider it a great honor to have been entrusted with this sacred mission.

‘The Luminous Pearl’ was present in the recording studio throughout the entire production of this album, radiating its magical Light upon myself and the other musicians as we opened ourselves to receive and harness the energies of the New Earth. Now, through the Light frequencies of these sacred ‘Luminous’ songs, this precious Pearl will also radiate its healing, mystical Light upon all who listen to the music.

It is my most sincere wish that *The Luminous Pearl* may touch the hearts of many people throughout the world. I would be deeply grateful for your support during this campaign with **Ed & Stacey Bonk**. The promotion will begin May 1st, 2013 and any support you can give during May and June would be greatly appreciated.

When Irish-born, award-winning composer and singer Lia Scallon, graduated from Trinity College Dublin, she became a professional actress. Then in 2002, having discovered new creative expression through her music, Lia released the first of her *Sounds of Sirius* albums. Lia’s angelic songs are imbued with the frequency of pure Love. Her voice induces an immediate sense of deep calm and peacefulness. Accompanied by a beautiful Language of Light, this exquisite music

has the power to activate the listener’s own innate ability to heal. Many people say the *Sounds of Sirius* reach deep into their soul, giving them a sense of coming home, along with a profound remembrance of their life’s true mission and purpose.

For over a decade, Lia Scallon’s sacred songs and Light Language have been transforming lives throughout the world. Like the ancient language of Sanskrit that is known to manifest sacred geometric forms, the music and Light Language of the *Sounds of Sirius* carry sound codes with them, with the ability to transform the energetic frequency of the listener. This in turn, can effect change within the body, the mind and the spirit. The melodies and words of the *Sounds of Sirius* bypass the conscious mind and speak directly to the soul. Lia’s music is calling you “home”.
